Q. Can I get a discount for registering early?

A. Yes. We offer an Early Registration Discount good up until about a week or two before classes begin. The discount varies depending on the class tuition prices per session. It does not always apply, please read class info carefully!

Q. What is your refund policy?

A. Our refund policy states that if you cancel a registration before classes begin, you can get a refund less a \$30 registration fee. The fee helps cover our labor of office work processing your registration, paper, ink, etc. If you cancel AFTER classes begin, you are not issued a refund because generally ,you have kept someone else from taking that class slot.
