

Dear Flat Rock Playhouse Family and Friends,

As we continue to react and adjust to quickly changing realities regarding the COVID-19 virus, we want to also ensure that we keep you up to date on what is happening here at the theatre. We are actively monitoring the situation hour by hour and concern for our beloved patrons and community is at the forefront of our minds.

To ensure the health and safety of our staff, artists, and patrons, we are taking the following measures:

- Beginning Friday, March 20th and each Friday through May 1, all Flat Rock Playhouse administrative offices will close.
- All Flat Rock Playhouse full-time staff who are able to work remotely will be encouraged to do so to minimize person-to-person interactions. Staff members will still be available for business needs and will be checking email and telephone communications regularly during current business hours Monday-Thursday.
- The Box Office will be open 10am-5pm Mon-Fri and 10am-2pm Sat. We encourage patrons to call in at 828-693-0731 to resolve any needs rather than visiting the Box Office in person.
- Heightened sanitation procedures have been added to our already rigorous cleaning schedule following recommendations from the CDC and WHO.
- Performances for "*Rumours: The Ultimate Fleetwood Mac Tribute*" have been rescheduled for September 16th-20th. Ticket holders will automatically have their tickets transferred for the September run. If you are a ticket holder who would like to make different ticket arrangements, please contact our Box Office.
- Performances for the remaining 2020 productions will be evaluated as the situation evolves. If further changes are required due to government and health official's guidance, we will provide.

From everyone at Flat Rock Playhouse, please take care of yourselves and hang in. We'll get through all of this together. Wishing each of you the very best and we'll see you soon. We can hardly wait to put on another fantastic show for you!

Sincerely Yours,
Flat Rock Playhouse
